

# Closer

Jack River

I was alone in a candy store  
Walking the aisles looking for more  
I was the dancer  
I held up the score  
Forgot what I was dancing for

Time took me in  
Took me to you  
Now I'm falling, breathing, wanting  
Waiting to get closer, closer to you

Swimming in the dark, lazy  
Car sea, dust, crazy  
Infinity above me, take me  
With your deep sea eyes, baby  
Shake me down, light me up, lay me  
Shake me down, feel it now, baby  
Running 'round, having your way with me  
Running 'round, through your town

Lover I'm here  
Lover I'm ready to go  
Lover I'm letting go  
Of things I cannot show  
I take and I take, think that I'm not enough  
That my love is too rushed, too much  
If it's the last thing I do  
I'll let it all go for you  
So we can go

Swimming in the dark, lazy  
Car sea, dust, crazy  
Infinity above me, take me  
With your deep sea eyes, baby  
Shake me down, light me up, lay me  
Shake me down, feel it now, baby  
Running 'round, having your way with me  
Running 'round, through your town

How do I, how do I, how do I  
Get closer to you

Swimming in the dark, lazy  
Car sea, dust, crazy  
Infinity above me, take me  
With your deep sea eyes, baby  
Shake me down, light me up, lay me  
Shake me down, feel it now, baby  
Running 'round, having your way with me  
Running 'round, through your town
