

# Endless Summer

Jack River

Tell me that song you like  
I swear it's on my mind  
We looked like paradise  
I never realised  
Summer is on my mind  
I'm planting in July  
Tell all the butterflies  
Cocoon in spring time

Never gonna give you up like last time  
Now you're mine, now you're mine, now you're mine

Ooohhh coasting baby with you  
Ooohhh endless summer baby with you

Now you got me feeling something  
Like I'll never be alone  
And if she don't like, we'll get a life, we'll make it on our own  
Cause I'm never gonna give you up like last time (yeah)  
Now you're mine, now you're mine, now you're mine

Ooohhh (do you feel it too) coasting baby with you (do you feel it too)  
Ooohhh endless summer baby with you

I'll be online in the cold cold night (I'll be online, waiting for your call)  
Our star will shin 'til the end of time

It's an endless summer baby  
It's an endless summer baby  
It's an endless summer baby  
It's an endless summer baby with you  
It's an endless summer baby  
It's an endless summer baby  
It's an endless summer baby  
It's an endless summer baby with you

I know she calls you baby  
I know she calls me baby  
I know she calls you baby
