

Lucy Sea Queen

Jack River

Lucy Sea Queen
Light beam, palm tree
La la la, la la la
La la la, la la la

One team, one dream
One fucked up evening
When we fell in love
La la la, la-love

I knew it from the start, the car shining in the dark
You were only sixteen, I was seventeen
Love this love, is it ever done?
Don't wanna hold you back, so tell me what you really think

You're out on the town running around, probably dancing
You're out on the town running around, probably drinking
And maybe and maybe, we don't know where to go now
And maybe and maybe, we don't know where to go

I knew it from the start, the car shining in the dark
You were only sixteen, I was seventeen
Love this love, is it ever done?
Don't wanna hold you back, so tell me what you really think

She runs around with her head in the clouds
She'll make you ice cream any day you want to
She'll call the cops when your life's on the rocks
She'll make it feel like summer again
She'll call the cops when your life's on the rocks
She'll make it feel like summer again
She'll call the cops when your life's on the rocks
She'll make it feel like summer again
She'll call the cops when your life's on the rocks
She'll make it feel like summer again
She'll call the cops when your life's on the rocks
She'll make it feel like summer again

She'll make it feel like summer
Lucy Sea Queen
She'll make it feel like summer again
Light beam, palm tree
