

## Saturn

Jack River

Let me try, mmh-mm, playing something different  
Um, as you can probably hear  
I end up falling, finding something I like that I reckon sounds  
good  
It's hard to sort of, break that barrier  
And, um, make something else, um, from those chords  
So um, I just, yeah  
Just try and pick another mode, make something else up  
That sounded so good Reuben!
