

# Talk Like That

Jack River

Walkin' in the back streets  
Looking for a bar to drink  
And you got that thing that I need  
But you're lying to yourself about me  
Want something to help you see  
How blind you are to me  
How blind you are

You're always in my rear view  
In the backseat as I drive forward  
There's nowhere I'd rather be  
I don't want to hear another  
Another love song gone wrong  
So leave baby cause

I don't talk like that  
I don't talk like her  
I won't dance around you  
Cause I don't do it like that

She is young  
Younger than I'll ever be  
She is cruel and  
Blinding you  
How could you think this is invisible to me  
Invisible to me  
Invisible to...

You're always in the rear view  
In the backseat as I drive forward  
There's nowhere I'd rather be  
But I don't want to hear another  
Another love song gone wrong  
I'm fucking dying to hear you say  
You want me you want me you want me  
I'm dying to hear you say  
You want me you want me you want me  
I'm fucking dying to hear you say

So I don't talk like that  
I don't talk like her  
I won't dance around you  
I don't do it like that
