

# Hey Hey Hey (We're All Gonna Die)

Jack's Mannequin

Keep your eyes on the road on the Glass Passenger  
And I sing for a traveling band.  
Where I'll be tomorrow  
Is God only knows  
Seems there's science at hand  
But I'll finish the shows when I land

I said hey hey hey  
We're all gonna die  
Hey hey hey  
We're all gonna die  
We're all gonna die someday.  
& New England turned gray  
From the old TLA  
Through the lenses of my polaroid camera  
Label looked proud as the new york shows sold out  
I noticed a change in the wealth  
It's getting cold, could you hand me my sweater

I said hey hey hey  
We're all gonna die  
Hey hey hey  
We're all gonna die  
We're all gonna die someday.

So keep your eyes on the road, I'm the Glass Passenger  
I've returned to the scene of the crime  
With my bus and my band, I am taking a stand  
So sing with me just one more time

Yeah, I said hey hey hey, we're all gonna die  
Hey hey hey, we're all gonna die  
Well I said hey hey hey, we're all gonna die  
I said hey hey hey, We're all gonna die  
We're all gonna die someday
