

## Before The Storm

Jack Savoretti

Now there's something  
In the sound of her name  
I can't help feel like crying  
And that something that I can't quite explain  
It leaves me here feeling like I'm dieing

The calm is over long before the storm  
The calm is over long before the storm  
Now the cold winds blow  
Oh I'm going to know what it means to let you go

Theres just one thing I'd like to say  
Before you go and break my heart  
Is there nothing I can do to make you stay  
If you go you better go before it gets too dark

The calm is over long before the storm  
The calm is over long before the storm  
Now the cold winds blow  
Oh I'm going to know what it means to let you go

Yeah yeah yeah

Now there's something  
In the sound of your name  
I can't help feel like crying

The calm is over long before the storm  
The calm is over long before the storm  
Now the cold winds blow  
Oh I'm going to know what it means to let you go  
Let you go  
Let you go
