

Do It For Love

Jack Savoretti

Lost myself in a wishing well
Wish that I had someone to tell
All these things I've done
I did them for love

I've risked it all from the very start
Played by the rules, played my part
I hate to lose, but I still choose
To do it for love

Do you believe in, what you're feeling
Do you let it get to your heart
Cause I believe in
All these feelings
I can't help but do it for love
When all is said and done
I do it for love

If you're feeling incomplete
Come and take a piece of me
Cause I saved it for you
I saved it for love

Do you believe in, what you're feeling
Do you let it get to your heart
Cause I believe in
All these feelings
I can't help but do it for love
When all is said and done
I do it for love

For love
I can't help but do it for love
Do you believe in what you're feeling
Do you let it get to your hearts

Do you believe in, what you're feeling
Do you let it get to your heart
Cause I believe in
All these feelings
I can't help but do it for love
When all is said and done
I do it for love
