

Hate and Love

Jack Savoretti

You say that we're different
I feel the same
You tell me you're leaving
I'm here to stay

Sunshine and rain
Make a beautiful thing

My strenght is your weakness
My heart of stone
Your voice breaks my silence
When we're alone

Sunshine and rain
Make a beautiful thing (ohhh..)

Everything you are is everything I'm not
Night and day, light and dark
Everything I need is everything you've got
All your hate and all your love

Sunshine and rain
Make a beautiful thing (ohhh..)

Everything you are is everything I'm not
Night and day, light and dark
Everything I need is everything you've got
All your hate and all your love

Sunshine and rain
Make a beautiful thing (ohhh..)
