Out of sight, out of mind
In the darkness there's no light
Day ago, now I know
What it means to stay in faith
I won't give up, I won't give in
I'll give it everything
This feeling is real

I wait for my love
To come home, home, home... come home, home, home
And I wait for my love
To come home, home, home... come home, home, home

Help me stand, help me rise
I can't bare the change in tide
This is the road we chose to take
No regrets and no mistakes
They say patience is a virtue but I can't get through
This feeling is real

I only know that now

And I wait for my love
To come home, home, home... come home, home, home
And I wait for my love
To come home, home, home... come home, home, home

This feeling is real

I only know that now

I wait for my love
To come home, home, home... come home, home, home
And I wait for my love
To come home, home, home... come home, home, home

I wait for my love
To come home, home, home... come home, home, home
And I wait for my love
To come home, home, home... come home, home, home
