

# Lay You Down

Jack Savoretti

I've been losing you  
Have you been losing me?  
Time has taking us away  
From what we used to be  
You and me  
But I still want to...

Lay you down again  
And whisper to you  
I'll be here 'til the end  
Lay me down again  
And whisper to me  
You'll be here 'til the end

Maybe we're just getting old  
And wisdom comes with age  
But all I know  
Is I can feel my blood run cold  
As I watch you walk away  
Please don't go  
'Cause I still need to...

Lay you down again  
And whisper to you  
I'll be here 'til the end  
Lay me down again  
And whisper to me  
You'll be here 'til the end

Lay you down again  
And whisper to you  
I'll be here 'til the end  
Lay me down again  
And whisper to me  
You'll be here 'til the end

'Til the end (x2)
