

Mourning After

Jack Savoretti

Cigarettes and cocaine
Help me getting rid of my pain
And dance through the night
Acting like a schoolboy
Another role, the women's toy boy
The time of my life

These are the dreams
Bursting with laughter at the scene
Barely alive
The mourning after
Last night

I drink away the sorrow
That leads the way to my tomorrow
I live for the day
Try to find a true love
But you're the only one I think of
And it's so hard to say

These are the dreams
Bursting with laughter at the scene
Barely alive
The mourning after
Last night
They never lie

These are the dreams
Bursting with laughter at the scene
Barely alive
The mourning after
Last night
These are the dreams
Bursting with laughter at the scene
Barely alive
The mourning after
The mourning after
Last night

Cigarettes and cocaine
Help me getting rid of my pain
No, they don't...
