

Wasted

Jack Savoretti

This is your disaster, waiting on a change
But I'm not gonna change, change is not my way
Happy ever after, never been the same
But it's just the same, the same every day

Your love is soft
Your love is kind
Your love is wasted on me
Someday you'll see
Your love is blind
Your love is wasted on me

Not everything you wanted, not what you deserved
I let you down so easy, leave you on the floor
Choice is your to make, you can choose to learn
No one ever chooses who they love

Your love is soft
Your love is kind
Your love is wasted on me
Someday you'll see
Your love is blind
Your love is wasted on me

You give up so much of yourself
To everybody else

Your love is soft
Your love is kind
Your love is wasted on me
Someday you'll see
Your love is blind
Your love is wasted on me
