

I Need Your Love

Jack Scott

Love me, or leave me
But darlin' do one
The way things are going I just can't go on

I need your love, I need your love
I need you for my own

Hold me my darlin' like you used to do
Take me in your arms

I need your love
Love me, love me
Or set my poor heart free

I know, (da, da, da, da) in my heart

It was you, (da, da, da, da) from the start
But now, (da, da, da, da) you made me see, (da, da, da, da)
That the one in your heart was me

Love me or leave me
Which will it be?
You must be mine alone

I need your love
Love me, love me
Or set my poor heart free

I need your love
Love me, love me
Or set my poor heart free
