

Benchmarks

Jack Stauber

You know I've been counting on different destinations
Complications exit strategies
Repeat to the 50th beat
In the last three weeks and I've been so
Intensely with the sun dance sunscreen's different each morning
but all the ignoring
Sorting seconds and meeting folk and tamp listing minute by minute
I'm still teething terribly
Benchmarks in the bench in the park
It's a book but I can't seem to read anything
But I can't seem to read anything
