

## Bug Bite

Jack Stauber

Muddy planet gummy baby  
Breakin' brains for chump change  
Wrote "loser" in the stone  
Wrote above the grave, it's no surprise  
You can't behave

You see the sunrise, underneath the bug bite  
Was about to itch it but I guess I'll just survive  
You can see the sunrise, underneath the bug bite  
Was about to itch it but I guess I'll just live
