

# Good Luck Chasing Your Mind

Jack Stauber

Good luck chasing your mind  
Good luck chasing your mind  
(Thanks! I'll need it)

Good luck chasing that mind of yours  
Good luck on changing your mind

(I was trying to say something)  
In the cold dark I saw something strange  
Do you believe my body? I believe it  
Do you believe my body?

Jesus Christ and flowers  
All come to power

(Oh please kill me)

Do you believe my body? Or believe me?  
Do you believe my body?

No
