

Left

Jack Stauber

And so you wander far away
Off the beaten path you went far away
You are too far away
You came back
To say
To say

Enough time, we have to
Leave together
Wait
Don't go under again
You won't make it

You've played a monster for a year
It's time you stop
Think about what you're doing
What it even was

Enough time, we have to
Leave together
Wait
Don't go under again
You won't make it

I want the olds days
Hold me

Enough time, we have to
Leave together
Wait
Don't go under again
You won't make it
