

Mirror Mirror

Jack Stauber

Mirror mirror on the wall
What's it like to be so small?
Your vision is invisible

Mirror mirror on the wall
What's it like to see us all?
Taken in the 3D plane
But don't make up anything

And what we will see
Will show us what we don't know
(Did I say don't? I mean you show us what we know)

Mirror mirror on the wall
What's it like to be so small?
You're knowing that you want more
Ding ding ding ding
