

Paper Towels

Mess!
It's irreversible (ah, ah)
Unraveling, unstoppable
How can I contain
This non-stop endless spreading bane?
(Oh no, oh no)

Mess!
It's rolling out over time
Can I put a halt on mine?
It's an infinite gain
But there's a break in the chain
Entropic irreversible remains

Mess!
Process produces naturally
How does one handle
Callous entropy?
Guess it's out of my hands
The universe will expand
When nothing has a proper exit plan
