(I don't believe in destiny, Anthony. Really, I don't!)

Does that seem right?
Wade through pain to know the chosen life

Does that seem right?
Wade through pain to know the chosen life

Does that feel right?
Chain your brain to feed the kids and wife

Open, open, rush inside!
Oh then, oh then, push beside!
Open, open, rush inside!
Cross your heart and hope to die!

Does that seem right?
Wade through pain to know the chosen life

Does that feel right?
Chain your brain to feed the kids and wife

(Hey you! You don't know me!)
(You don't frickin' know me!)

Try to let your precious eye!
Oh then, oh then, push it by!
Try to let your precious eye
Pay to keep your folks alive!

Does that seem right?
Wade through pain to know the chosen life

Does that feel right?
Chain your brain to feed the kids and wife
