

Sleep Talk

Jack Stauber

Huh, who? I don't remember you
But listen to me, listen, whatever you do
Don't talk, hey, I can't hear what you say
Tell me, tell me, tell me, tell me anyway

Listen, you're not alone
When you're asleep, sleep talk on the phone
You called me and told me everything
I can't repeat it - sleep talk confidentiality

Huh, who? I don't remember you
But listen to me, listen, whatever you do
Don't talk, hey, I can't hear what you say
But tell me, tell me, tell me anyway
