

Keep Holdin' On

Jack Wagner

Eccentric tastes of delight
Keep me so warm through the night
Beside me
Breakfast in bed, 12:05
I wonder is the world alive
Without me
There's nothing left in it for me
Look close and chances are you'll see the answer
Deep inside me

Keep holdin' on, holdin' on, to the dreams that make tomorrow
Keep holdin' on, holdin' on, never let them turn to sorrow
Keep holdin' on, never stop holding on to your dreams

Temptation whispered my name
Since then I've never been the same
So lonely
I played the games and always won
Tried to pretend that I had fun
Illusions
Open your eyes and you will see
The simple life can always be the answer
Waiting for you

Keep holdin' on, holdin' on, to the dreams that make tomorrow
Keep holdin' on, holdin' on, never let them turn to sorrow
Keep holdin' on, never stop holding on to your dreams

(I) I let myself get swept away
(I) Know you listen to what I say

Keep holdin' on, holdin' on, to the dreams that make tomorrow
Keep holdin' on, holdin' on, never let them turn to sorrow
Keep holdin' on, never stop holding on to your dreams
Keep holdin' on, holdin' on, to the dreams that make tomorrow (Hold on)
Keep holdin' on, holdin' on, never let them turn to sorrow
Keep holdin' on, never stop holding on to your dreams
Keep holdin' on, holdin' on, to the dreams that make tomorrow (Hold on)
Keep holdin' on, holdin' on, never let them turn to sorrow
Keep holdin' on, never stop holding on
