

# Love Can Take Us All The Way

Jack Wagner

Here we are, the moment has arrived  
Time is finally on our side  
Every whisper is breathing on the fire

Where do we go?  
All the way  
From here  
It's not far  
How do we know?  
It's a case of taking heart  
Where do we go?  
All the way  
Too far  
Don't be afraid  
Tell me how far  
Love can take us all the way

Reckless love, it gives too much too soon  
Still, what I feel is wrapped up in you  
But hearts don't beg when they're only passing through

Where do we go?  
All the way  
From here  
It's not far  
How do we know?  
It's a case of taking heart  
Where do we go?  
All the way  
To love  
Don't be afraid  
Tell me how far  
Love can take us all the way

The way your love is filled with broken dreams  
Of those who didn't take it all the way

All the way  
From here  
It's not far  
How do we know?  
It's a case of taking heart

Where do we go?  
All the way  
From here  
It's not far  
How do we know?  
It's a case of taking heart

Where do we go?  
All the way  
To love  
Don't be afraid  
Tell me how far  
Love can take us all the way

Where do we go?  
All the way  
From here  
It's not far  
How do we know?  
It's a case of taking heart

Where do we go?  
All the way  
To love  
Don't be afraid  
Tell me how far  
Love can take us all the way
