

## Tell Him (That You Won't Go)

Jack Wagner

Why, oh, why, oh  
Did you do this to me  
Lookin' innocent  
Talkin' to this casualty  
I think you see I go, I go  
Right out of my head  
When you say no, no baby  
No one's standin' in line ahead of you

Well, I know he's waitin'  
Ready to roll  
Say you're not playin'  
Tell him that you won't go  
Tell him  
Tell him that you won't go  
Tell him

Bark space, out of place  
Your words don't compute  
You're feedin' me water  
When I'm hungry for food

I think you see no way of savin' face  
Your eyes tell the truth  
So tell your Romeo bye-bye, baby  
Don't you say no, be true tonight

I really, really love you  
I really, really want you so  
You get me hot and jealous  
You make me wanna yell, just  
Tell him that you won't go  
Tell him

I know he's waitin'  
Ready to roll  
Tell me you're stayin'  
And tell him that you won't go  
Tell him  
Tell him that you won't go  
Tell him  
Tell him that you won't go  
Tell him  
Just tell him that you won't go  
Tell him...
