

Come On Down (From The Top Of That Hill)

Jackie DeShannon

Hey
Hey, you
On top of the hill
Come on down from the top of the hill
Come on down
Come on down

You know you're always on my mind
You know that I won't make the climb
But now you stay there
And it ain't bad
'Cause you don't care
But for that hill

Hey
Hey, flowers
Any flowers there?
There's flowers on the ground down here
So come on down
Come on down

You know you're always on my mind
You know that I won't make the climb
But now you stay there
And it ain't bad
'Cause you don't care
But for that hill

How
How far
Can you see far?
Can you see the town where I was born?
Can you see me?
I can see you
Come on down from the top of the hill
Come on down
Come on down
Come on down
Come on down
Come on down
