

Crystal Clear

Jackie DeShannon

Crystal clear is my love
When he's near I'm high above
Everything and everyone that used to bring me down
Everything I ever need I have when he's around

And if I harmonize
With the song that he sings
Then I can realize
With the love that he brings
All the beautiful things just for me
Oh, oh-oh

Crystal pure is his heart
And I'm sure we'll never part
Knowing that his love is so much more than it would seem
I can't help but wonder "Is he only just a dream?"

And I don't his name
And I don't know if he's real
And so I can't explain
All the things that I feel
Thinking someone might steal him from me
Oh, oh-oh

Crystal clear, crystal clear
Oh, oh, oh

Crystal clear is my love
On his wings I'll fly above
Looking in his eyes I'm never sure just what I'll see
I can't find reflections there of what I thought was me

And in the darkest night
I've no need for the moon
His eyes are twice as bright
And his songs are in tune
He'll come to me soon, wait and see
Oh, oh-oh
