

Don't Stop The Music

Jackie DeShannon

(Our next song, George Jones has that. It's called "Don't Stop the Music".)

Don't stop the music
Let it play one more song
The one that's been played
But not for so long

My pockets are empty
I've spent my last dime
But I've just got to hear
That song one more time

Don't be mad at me, mister
Don't make me go home
My baby has left me
I know now she's gone

My pockets are empty
I've spent my last dime
But I've just got to hear
That song one more time (Aw, fellas, now)

Don't stop the music
Let it play one more song
The one that's been played
But not for so long

My pockets are empty
I've spent my last dime
But I've just got to hear
That song one more time

Don't be mad at me, mister
Don't make me go home
My baby has left me
I know now she's gone

My pockets are empty
I've spent my last dime
But I've just got to hear
That song one more time

(Oh, thank you, boys.)
