

Go On Your Way

Jackie DeShannon

If you don't want my love kisses, mm hmm
Yeah if you're just around me to play, yeah
Then darlin', don't you tease me
If you're just goin' to leave me
Then, ah, darlin', go, go on your way

I've been, listen to me, baby
You don't realize love and havin' you
Can't you understand how I feel?

That's why I cannot give my heart out
Unless it's gonna last
'Cause a-this, you know this
It's got to be a lifetime deal

If you, if you don't want
If you're just by me to play
Mm, then darlin', don't deceive me
If you're just goin' to leave me
Then darlin', get out and go on your way
Ah, ah, I mean today
Then darlin', go on and go, whoa, whoa
On your way
