

I Keep Wanting You

Jackie DeShannon

Can't keep my mind from turnin'
With you my heart keeps learnin'
Things I never knew could be
Are happenin' to me

Always is a word I like to say
Always love you more than yesterday
There's something about you
And livin' without you is just another day

Even when I know you're lyin'
I keep wantin' you
And even when you've got me cryin'
I keep wantin' you
Woah, I just keep wantin' you

La, la, la-la
La, la, la-la

Always is a word I like to say
Always love you more than yesterday
For now and forever if we're not together
I won't bend my way

Even when I know you're lyin'
I keep wantin' you
And even when you've got me cryin'
I keep wantin' you
Woah, I just keep wantin' you
Even when I know you're lyin'
I just keep wantin' you
Even when you've left me cryin'
Woah, I just keep wantin' you
Even when I know you're lyin'
