

# If You Gotta Make A Fool Of Somebody

Jackie DeShannon

If you got to make a fool of somebody  
If you got to make a fool of someone  
Do you really gotta hurt me?  
I'm the one that worries about you

Verse 2

If you got to make a fool of somebody  
If you got to make a fool of someone  
Do you really gotta hurt me?  
I'm the one that worries, always true

Daytime, nighttime, anytime at all  
I'll rush to your side, anytime you call  
Just to be near you, you know  
Anywhere I go, how could you hurt me so?

If you got to make a fool of somebody  
If you got to make a fool of someone  
Do you really gotta hurt me?  
I'm the one that worries about you

Take it easy, baby  
Please don't worry  
Take it easy, baby  
Please don't worry  
Take it easy, baby
