

Jimmie, Just Sing Me One More Song

Jackie DeShannon

Jimmie, just sing me one more song
Sing it loud, sing it strong
Jimmie, sing it out so I can hear you

Jimmie, just sing me one more song
And then you can move along
Your music keeps on running through my mind

Helplessly, I wish you could stop
The sun coming over the mountaintop
When the morning comes you must be leaving

So little time, what can i do?
I know there's no holding you
So one more kiss and it's tomorrow

Jimmie, just sing me one more song
Sing it loud, sing it strong
Jimmie, sing it out so I can hear you

Jimmie, just sing me one more song
And then you can move along
Your music keeps on running through my mind

Nineteen cities one at a time
To hear you sing they stand in line
How those crowds of people all adore you

So gather their love, never for free
Now, you're here so sing for me
And until you're home I will be waiting

Jimmie, just sing me one more song
Sing it loud, sing it strong
Jimmie, sing it out so I can hear you

Jimmie, just sing me one more song
We've been together very long
Your music keeps on running through my mind

Jimmie, just do it one more time
Do it now, it's so fine
Jimmie, let it out, yes, I can feel it

Jimmie, do it one more time
Just tonight you'll be mine
Your music keeps on running
