

## Johnny Joe From California

Jackie DeShannon

Johnny Joe from California  
I got to put some lovin' on ya  
You'll be all mine before too long  
When I'm with you I sing a song

About gettin' high in San Francisco  
And takin' you wherever I go  
I feel you now, warm 'n' soft  
Without you boy, hey you know I'm lost

Johnny Joe from California  
I gotta get a diamond for ya  
To tell you love, I'm not far away  
So shine a little longer California day

Born in a truck and lookin' out a window  
Countin' poles on the telephone lines  
A few more miles and I'll be with you  
So come on mister get to bed on time

California here I come, well heh  
California here I come, woah-ho  
California here I come, uh huh, mon'

Johnny Joe from California  
I got to put some lovin' on ya  
You'll be all mine 'fore too long  
When I'm with you I sing a song

About gettin' high in San Francisco  
And takin' you wherever I go  
I feel you now, warm 'n' soft  
Without you boy, hey you know I'm lost

Johnny Joe from California  
I gotta get a diamond for ya  
To tell you love, I'm not far away  
So shine a little longer California day.
