

# Live

Jackie DeShannon

Do what you can't  
If it won't hurt you  
Really hurt you  
Do what you can

And if you will  
Life is a good friend  
Closer than anything  
That you've ever known

You can make life  
Stand on your own two feet  
You're not too weak

-- Instrumental Break --

You can make life  
Stand on your own two feet  
You're not too weak

Lend out your hand  
If it's sad or true  
Goodness will follow you  
Do what you can

Do what you can (Live, live, live)  
Lend out your hand (Live, live, live)  
Goodness will follow (Live, live, live)  
If you lend out your hand (Live, live, live)

(Live, live, live)  
Lend out your hand (Live, live, live)  
(Live, live, live)  
(Live, live, live)  
(Live, live, live)
