

Livin' On The Easy Side

Jackie DeShannon

Now, Mrs. Deer
Has nothin' to fear
Livin' on the easy side
With Mr. Rabbit
Hoppin's a habit
Livin' on the easy side
He's livin' on the easy side

There's Mrs. Mouse
In her new house
Livin' on the easy side
And old Mr. Frog
Is sittin' on a log
Livin' on the easy side
I watch him livin' on the easy side

Take a day off
Run in the sun
You ought to try it sometime
Because it's so much to gain
There ain't nothin' to lose
You just let your mind
Make up all of the rules

Like Mrs. Squirrel
Oh, what a girl
Livin' on the easy side
And Mr. Bear
He's without a care
Livin' on the easy side
I see him livin' on the easy side

Take a day off
Run in the sun
You ought to try it sometime
Because it's so much to gain
And there's nothin' to lose
Just let your mind
Make up all of the rules

Oh, Mrs. Duck
There's nothin' but luck
Livin' on the easy side
And Mr. Raccoon
He sleeps until noon
Livin' on the easy side

Come on, everybody now
Livin' on the easy
We should all be givin' now
Livin' on the easy
You know I need to be
Livin' on the easy
Just want to see me now
Livin' on the easy side
I love livin' on the easy side
I'm gonna get in on the easy side
