

Poor Someone

Jackie DeShannon

Poor someone has no one
To give her kisses to
Poor someone wants someone like you
Just like you

Poor someone needs someone
To make her dreams come true
Poor someone needs someone like you

She needs someone to hold her lonely hand
Someone to trust and love who'll understand
She needs his smile to warm her empty heart
To dry her tears if they should start

Poor someone needs someone
Oh, darling can't you see
That someone, poor someone is me?

Poor someone has no, no, no one
To give her kisses to
Poor someone wants someone like you

Poor someone needs someone
Oh, darling can't you see
That someone, poor someone is me?
Can't you see
That someone, poor someone is me?
Oh, yeah
