That's The Name Of The Game

Jackie DeShannon

First, you're out with the clouds in the sky
Life is great, chocolate cake, apple pie
Well, it's anything goes when you're taking that ride
What a wonderful feeling inside

When love tells you "It's over, a-goodbye"
You'll be spending your time asking "Why?"
You're upset but you can bet sunshine a-follow the rain
Oh, my baby, that's the name of the game

Oh, when love knocks on your door darn sure it's yours
Throw that dice up once again win or lose
Because love it is a feeling you will never ever tame
Oh, my friend, that's the name of the game, of the game

Oh-ho, my friend, that's the name of the game
That's the name of the game
