

We Could

Jackie DeShannon

(Okay, thank you very much. Think we got 'bout six minutes.
And we're gonna do a song of Jimmy Dickens that we've had an awful lot of requests to do. I really do like the song, and from your cards and letters, you do, too. It's called "We Could".)

If anyone could feel the joy
True love brings a girl and boy
Here to stay, their true love is here to stay
We could, we could, you and I

When you're in my arms I know
You're happy to be there
Just as long as I'm with you
I'm happy anywhere

If anyone could pray each night
Thank the Lord that all is right
We could, we could, you and I

(Aw, come on)

If anyone could feel the joy
True love brings a girl and boy
We could, we could, you and I

If anyone could pray each night
Thank the Lord that all is right
We could, we could, you and I

(Oh, thank you boys.)
