

When You Hurt Me I Don't Always Cry

Jackie DeShannon

I don't always cry when you hurt me
Those little things I learn as time goes by
But just for me to know and keep a secret
When you hurt me, darling, I don't always cry

Though you may paint the town with someone new tonight
To me you'll always be a part-time guy
I'll just laugh it off, the things they say about you
When you hurt me, darling, I don't always cry

Though you may paint the town with someone new tonight
To me you'll always be a part-time guy
I'll just laugh it off, the things they say about you
When you hurt me, darling, I don't always cry
