

## Wish I Could Find a Boy (Just Like You)

Jackie DeShannon

I wish I could find, hmm-hmm  
A boy just like you  
Oh-ho, but I know  
There could never be two

I won't, no, I'd never find  
The same look in your eyes  
That told me  
I was in Paradise

Ah-ha, you had a heart so true, mm  
You seen no one that could love me  
The way, way that you do

Ah, with you it was Heaven  
Oh, a world without end  
Wish I could somehow  
Wanna live it again

Ah, with-a you, with you it was Heaven, ah  
Oh-whoa, a world without end  
I wish I could somehow  
Mm, live it again

Just one more once  
Live it again  
Nah-ha, yeah
