

# You Have A Way With Me

Jackie DeShannon

I smile when you're flirtin'  
But inside I'm hurtin'  
What else can I do?  
I wanna woo you  
One day you're so kind  
The next day I might find  
You actin' so strange  
How easy you've changed

But I can't stop myself  
From lovin' you, babe  
You have a way with me  
Oh, you know you do  
You have a way with me

I wait for hours  
Through sunshine and showers  
'Cause I'm never free  
'Til you come to me  
Sometimes I doubt you  
But baby, without you  
My world slides down  
A merry-go-round

And I can't stop myself  
From lovin' you, babe  
You have a way with me  
Oh, you know it's true  
You have a way with me  
And you know you do

Baby, you control me  
Love the way you hold  
I knew for all the speedin'  
Ha, there'll be no retreatin'  
And I see a rainbow  
Red, blue and yellow  
Maybe, I'm not lyin'  
Sometimes I think I'm flyin'

My love has no endin'  
There's no use pretendin'  
I can't fool myself  
There's nobody else  
You're such a sensation  
That best of temptation  
Like ice cream and cake  
So easy to take

And I can't stop myself  
From lovin' you, babe  
You have a way with me  
Ah, you know you do  
You have a way with me  
Oh, you know it's true

You have a way

Oh, you have, oh, babe  
You have a way  
Babe, you control me
