

You've Changed

Jackie DeShannon

La-la-la, la-la, la-la, la-la-la
La-la-la, la-la, la-la, la-la-la

When you were young, boy, you reached for the sky
There was no mountain you wouldn't climb
Now, that you're older you don't really care
You're always running going nowhere

I remember how you taught me all the joy that love can bring
We had such an understanding, we could do most anything

But you've changed (You turned your back on me)
You're just not the same
You've changed (You walked away from me)
Where's the feeling gone to?
You've changed (You turned your back on me)
You're just not the same
Oh, I just can't believe how you've changed

La-la-la, la-la, la-la, la-la-la
La-la-la, la-la, la-la, la-la-la

In the beginning you showed me the way
Something inside me grew stronger each day
Well, I don't know, baby, what's going down
Are you really happy? Are your feet on the ground?

You were always there to lean on
And from you I got my strength
We had all the love we needed
But I don't know where it went

Oh, you've changed (You turned your back on me)
You're just not the same
You've changed (You walked away from me)
Where's the feeling gone to?
You've changed (You turned your back on me)
You're just not the same
I just can't believe it
I just can't believe it
(I just can't believe it)

Sweet baby, you've changed (You turned your back on me)
You're just not the same
You've changed, I know
I don't understand it
You've changed
You're just not the same
I can't believe (How you've changed)

You've changed (You turned your back on me)
I cannot hold on to nothing
You've changed (You walked away from me)
