

F-F-F-Females

Jackie Lomax

Women
Here I go hanging low
Where I'm going I don't know
Women
Push me out, pull me in
Here I go around again

Such a small invitation
Such a big reception
I don't need no stimulation
I just need direction

F-f-f-females

Women
Lift me up, put me down
Turn my head completely round
Women
Make me stop, let me go
Let your dirty water flow

Just a low incantation
In a limited edition
I don't need no flagellation
Behind your position

F-f-f-females

Women
I'm your man, I'm your mouse
Rent me a room in your boarding house
Women
Watch my eyes, match my speed
Give me what you know I need

With no time limitations
And no compromise position
Do you need illustration?
I can just as well go fishing
