

It's Worth It

Jackie Thomas

We had the starry eyes, and everything aligned
Where did the butterflies go, go, go
We were the racing hearts, couldn't be torn apart
When did we turn into stone?
Oh, oh

We fall so fast, but we crash so slow
Oh, oh

But if we keep holding on
I know we'll get back to the surface
Cause it's worth it
If we keep holding on
I know that nobody's perfect
But we'll work it out

We were just ankle deep, water started to creep
There was no keeping it out, out, out
We were riding the waves, surviving all the breaks
We didn't think we could drown, drown, drown
And we tried to get it back but we're sinking down, down, down

But if we keep holding on
I know we'll get back to the surface
Cause it's worth it
If we keep holding on
I know that nobody's perfect
But we'll work it out

I don't know how long I can hold my breath for you
But I'm not letting go yet
Cause I'm not ready
No, I'm not ready to give up on us

We fall so fast but we crash so slow
Oh, oh

Oh
But if we keep holding on
I know we'll get back to the surface
Cause it's worth it
If we keep holding on
I know that nobody's perfect
But we'll work it out

Hold on, hold on
It's worth it
I know that nobody's perfect
But we'll work it out
