

# Chicago

Michael Jackson

I met her on the way to Chicago  
Where she was all alone  
And so was I  
So I asked her for her name

She smiled and looked at me  
I was surprised to see  
That a woman like that  
Was really into me

She said she didn't have no man  
Raised the kids the very best she can  
(She's loving me)  
She told me she was all alone  
Said at home she didn't have no phone  
(She's wanting me)  
She said just to give her a page  
59 was the code she gave  
(She's loving me)  
She'd lie to you, lie to me  
But she was loving me, loving me  
Yeah

I never would've thought she was living like that  
Her words seemed so sincere  
When I held her near  
She would tell me how she feels

It felt so real to me  
This girl, she had to be  
An angel sent from heaven just for me

She said she didn't have no man  
Raised the kids the very best she can  
(She's loving me)  
She told me she was all alone  
Said at home she didn't have no phone  
(She's wanting me)  
She said just to give her a page  
59 was the code she gave  
(She's loving me)  
She'd lie to you, lie to me  
But she was loving me, loving me  
Yeah

She tried to live a double life  
Loving me while she was still your wife  
(She's wanting me)  
She thought that loving me was cool  
With you at work and the kids at school  
(She's loving me)  
She said that it would never end  
Tried to keep me any way she can  
(She's wanting me)  
She'd lie to you, lie to me  
Because she had a family, family  
Yeah

Why... Ooh no  
Alright  
Ohh  
(I'm in love, love)

I didn't know she was already spoken for  
'Cause I'm not that kind of man  
Swear that I would've never looked her way  
Now I feel so much shame  
And all things have to change  
You should know that I'm holding her to blame

She said she didn't have no man  
Raised the kids the very best she can  
(Holding her to blame)  
She told me she was all alone  
Said at home she didn't have no phone  
(Holding her to blame)  
She said just to give her a page  
59 was the code she gave  
(Holding her to blame)  
She'd lie to you, lie to me  
But she was loving me, loving me
