

One More Chance

Michael Jackson

Uh huh, alright
This time I'm gonna do my best to make it right
Can't go on without you by my side hold on
Shelter come and rescue me out of this storm
And out of this cold I need someone oh why, why, why
If you see her tell her this from me all I need is

One more chance at love, one more chance at love
One more
One more chance at love, one more chance at love
One more
One more chance at love, one more chance at love
One more
One more chance at love, one more chance at love

Searching for that one who is gonna make me whole
Help me make these mysteries unfold hold on
Lightning about to strike in rain only on me
Hurt so bad sometime it's hard to breathe oh why, why
If you see her tell her this from me all I need is

One more chance at love, one more chance at love
One more
One more chance at love, one more chance at love
One more chance for love, one more chance at love
One more chance at love
One more
One more chance at love, one more chance at love

And I would walk around this world to find her
And I don't care what it takes no why
I'd sail the seven seas to be near her
And if you happen to see her
See, tell her this from me

One more chance at love
Yeah yeah
One more chance at love
Tell her this from me
One more chance at love
Yeah yeah
One more chance at love

One more chance at love, one more chance at love
Lovin' you
One more chance at love
I can't find

One more chance at love
Lovin' you
One more chance at love
Yeah yeah one more
One more chance at love

One more chance at love
For love
One more chance at love, one more chance at love

Yeah yeah I can't stop
One more chance at love

One more chance at love
Lovin' you
One more chance at love
One more chance at love
I can't stop

One more chance at love
Lovin' you
One more chance at love
I can't stop
Lovin' you
