

She Got It

Michael Jackson

(One...)

(One!)

(Is there a clap that's s'pposed to be in here?)

Hot legs all into the room, she's got the...

(One!)

(Hot keeper.....)

Netted stockings, purple panties that show,
she's got,

Fat lips, with a ring In her nose, she's got,

Busted butts, all into the seat, she's got,

I was thinkin' that she try to be mean,

And the boy don't like it,

And the boy don't want it,

And the boy don't like it,

And the boy don't want it,

And the girl don't like it,

And the boy don't want it,

And the girl don't like it

And the boy don't want it,

And the girl don't like it,

And the boy don't want it,

She Got It

(She got it, one, one, one, one)

Hot lips all up to her neck, she's got,

Funky finger but she's giving him sex, she's got,

Bad legs all into the truth, she's got,

Such a feelin' but she's singin' the blues, she's got

Hot fix, eenie minee month, she doesn't play piano,

But she did rock and roll,

And the boy don't like it,

And the boy don't like it,

And the girl don't like it,

And the boy don't want it,

And the girl don't like it,

And the boy don't want it,

And the girl don't like it,

And the boy don't want it,

And the girl don't like it,

And the boy don't want it,

She Got It,

(She got it, she got it,)

Too much for me now,

Too much for me,

That big momma dumba,

Too much for me, (oohh)

Hot legs all into the room, she's got,
Musty water, hot cheaper perfume, she's got,
Netted stockings, purple panties that show ,she's got,
Bad lips, with a ring in her nose, she's got,
Monkey busty all into the seat,
She wants to be a movie star, she'd sell on tv,

And the girl don't like it,
And the boy don't want it,
And the girl don't like it,
And the boy don't want it,

And the girl don't like it,
And the boy don't want it,
And the girl don't like it,
And the boy don't want it,

And the girl don't like it,
And the boy don't want it,
She Got It,
She Got It

Too much for me now,
Too much for me,
And I really don't want it,
Too much for me,

That big momma dumbo,
Too much for me, (hooo)
(Let me just look...)
