Lāguò wúshù biàn de gōu
Háishì yīgèrén zài zǒu
Tīngguò wúshù biàn dehuà
Duì wǒ shuōguò de huì shíxiàn ma (Already know)
Shíjiānguò de tài kuài
You think I don't know what is right
Kěyǐ jiēshòu shānghài kěyǐ jiēshòu shībài
I can just let it go, oh yeah

Jiǎobù yīlù zǒu zài hēi'àn lǐ
Walking all alone

Made countless of pinky promises
But I'm still walking alone
Heard the same thing numerous times
But the things said to me, will they come true? (Already know)
Time passes too quickly
You think I don't know what is right
I can accept bring hurt
I can accept failure
I can just let it go, oh yeah

Footsteps walking in the dark
Walking all alone
182 I feel my enemies
But I keep walking

I am the only one on this road
Although I often feel a little cold
I already got used to being alone
Every time I lay on the floor, I believe
I can walk again
I am the only one on this road
Although my heart feels a little painful
I already got used to being alone
Every time I lay on the floor, I believe
I can walk again

Being burned till I got numb
Even my shadow says its tired
But still being happy facing everything
One day, if I'm not around
I hope someone still remembers
I begin to slowly accept that

Perhaps the person you like is not me
I won't let go of what belongs to me
Just leave coldly and walk away

Footsteps walking in the dark
Walking all alone
182 I feel my enemies
But I keep walking

I am the only one on this road
Although I often feel a little cold
I already got used to being alone
Every time I lay on the floor, I believe
I can walk again
I am the only one on this road
Although my heart feels a little painful
I already got used to being alone
Every time I lay on the floor, I believe
I can walk again
