

# Blackout

Jackson Wang

I ain't left the house in three weeks  
I been on go, I been getting' too geeked  
Turn a good girl to a freak  
House a hotel she don't ever wanna leave  
Did too much I can't peek  
Work too much I don't ever get sleep  
I don't trust nobody  
Don't bring nobody new around me

Go until we blackout  
Go until we, go until we, go until we  
Go Go  
Go until we, go until we  
Go go go  
Go until we blackout

Think it's time to come back down  
I don't wanna come back down  
I don't turn my back now  
I don't wanna back out  
Think it's time to come back down

Go until we blackout  
Go until we, go until we, go until we  
Go Go  
Go until we, go until we  
Go go go  
Go until we blackout

Take me out  
I'm sinkin' in  
Nothing else matters when  
I'm deep within  
The only thing we changin' is positions  
So we go up and black out  
Yea, I'm up there right now  
I look down on the clouds  
No storms to throw me around, around  
Eh, eh

Go until we blackout  
Go until we, go until we, go until we  
Go Go  
Go until we, go until we  
Go go go  
Go until we blackout

Think it's time to come back down  
I don't wanna come back down  
I don't turn my back now  
I don't wanna back out  
Think it's time to come back down  
Go until we blackout  
Colorful creation  
With my imagination  
Going foreign places  
Would you follow me?

Eh, eh

Go until we blackout  
Go until we, go until we, go until we  
Go Go  
Go until we, go until we  
Go go go  
Go until we blackout
