

Cheetah

Jackson Wang

Guess what happened

Uh, she's a cheetah (Cheetah)
Grown man-eater (Uh)
Sink her teeth in 'til you think you need her
She's a keeper (Keeper)
'Til she leaves ya (Leaves ya)
She'll break your heart in someone else's T-shirt

(Cheetah)
Cheetah
(Cheetah)

I thought that she was my girl
But I guess she's for the streets or for the jungle
I thought I knew it but it turns out
She had a whole 'nother thing going on (Ooh), ayy

She's lying, she snaky
She'll chew you to the bone
Looking back, I guess I shoulda known

She's a cheetah (Cheetah)
Grown man-eater (Uh)
Sink her teeth in 'til you think you need her
She's a keeper (Keeper)
'Til she leaves ya (Leaves ya)
She'll break your heart in someone else's T-shirt (Cheetah)

Walked in on her the other day
I heard she was with somebody
I saw the bites all on her neck
She's an animal, she's a real bad chick
She started begging me to stay
I told her that, "It's over, babe"
I knew I had to get away

Because she's lying, she snaky
She'll chew you to the bone
Looking back, I guess I shoulda known (Uh, I shoulda known)

She's a cheetah (Aw)
Grown man-eater (Eater, uh)
Sink her teeth in 'til you think you need her (Need her)
She's a keeper (I know)
'Til she leaves ya (Leaves ya)
She'll break your heart in someone else's T-shirt (Eh-eh-eh)

(Cheetah)
Cheetah
(Cheetah)
She thought about it, wow
She can't lie

(Cheetah)
Yeah, huh
